THREE TIMES FOR PRESIDENT.

HENRY CLAY, ANDREW JACKSON
AND GROVER CLEVELAND THUS
HONORED.

Twelve years ago William J. Bryan was nominated for the Presidency of the United States at Chicago for the first time. Mr. Bryan was renominated in 1900 without a dissenting vote. But the convention did not acknowledge his dictatorship, repudiated his candidate for Vice President and came near rejecting his demand that the free silver coinage declaration of 1896 should be reaffirmed. In 1904 Judge Parker was nominated without difficulty, but a vigorous opposition developed within the convention, and, winning a victory in the Resolution, Committee forced him to write his old standard telegram, and thus created dissensions which helped to aggravate his defeat. It was in the 1904 convention that Mr. Bryan made a most vigorous campaign in the committee on Resolutions, the session of that lasting for hours. For the third time Mr. Bryan has become the candidate of his party. Three times was Henry Clay an unsuccessful candidate for President. Three times Andrew Jackson was a candidate for President and twice he was elected. In 1824 the election went into the National House of Representatives, and John Quincy Adams was chosen. Grover Cleveland's record equaled Jackson's. James G. Blaine was an aspirant for the nomination for President at the hands of the Republicans three times, but landed the prize only once. William J. Bryan was born in March, 1860, at a time when the country was deep in trouble, so that he has been the party nominee three times before his fiftieth year. His career has been varied. His aptitude for politics was early marked, and his absolute control of a great national party like the Democratic has stamped him among men as an adept in his line. A remarkable feature of the nomination of Mr. Bryan is that the former big leader of the party were absent from the convention and he ran the machine himself, took the nomination tendered him and dictated its policies. —Philadelphia Ledger.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus requires prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you can escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Chas. C. Davis.

SUNFLOWER PHILOSOPHY.

Pray for the things you want,
but work for the things you must
have.

Before accepting a favor look for
the string that may be tied to it.
Complaining of the folly of
fashion is as useless as complaining
when the weather is bad.

Never tell a friend anything that
would not look well in print with
your name signed to it.

You didn't have the right kind
of a good time if you are not good
natured the next day after you had
it.

Working after you have had a
few glasses of beer in the middle of
the day is like trying to work after
dark.

There are lots of men who seem
worthless until compared with a
girl who has just returned from a
vacation.

WAR AGAINST CONSUMPTION.

All nations are endeavoring to
check the rages of consumption,
the "white plague" that claims so
many victims each year. Foley's
Honey and Tar cures coughs and
colds perfectly and you are in no
danger of consumption. Do not
risk your health by taking some
unknown preparation when Foley's
Honey and Tar is safe and certain
in results.

the Burley Tobacco Society at 16
cents is reported. Gus A. Brooks
secretary of the Burley Society at
Winchester, when called up refused
to either deny or affirm the sale,
but the report is generally believed
to be true. This means much for
this entire community. It will cut
loose a big amount of money to the
great delight of many burley rais-

will relieve a financial situation for
many that was becoming threaten-

also encouraging to those who have

chief reason why the officers of
the Burley Society are declined to
affirm or deny is that the
organization's executive committee
has made a recent rule not to give

DEATH DUEL IN MIDAIR.

The story of a thrilling mid-air
battle between a chicken hawk and
a weasel is told by James Filmore
of Spring Grove, who witnessed it
from start to finish.

Filmore was going along a
country road toward his home,
when he saw the hawk dart rapidly
to the ground close to a stone fence
and arise with a small animal in
its talons.

As the man continued to watch
with interest he noticed that the
bird appeared to be in difficulty,
and finally it came flapping to the
ground. Filmore ran forward and
found that the hawk had its talons
fastened in the body of a weasel,
which had managed to squirm about
until its sharp teeth were imbedded
in the bird's neck. In this posi-
tion the little animal had been
sucking the blood of its captor.

The hawk was already almost
dead, and the body of the weasel
was so badly torn that Filmore
dispatched both and took them
home to show to his friends.—

An irate citizen says that here-
after he wants the editors to mind
their own business. My dear
Christian friend, did you ever re-
flect, in your contemplative mo-
ments, when the moon is beaming,
when the whippoorwill sings in the
tree, when the hired man snores in
the loft, the yellow dog sleeps on
the lea, and the mosquito gets in
his work,—did you ever reflect in
such times upon the idea that a
paper containing only accounts of
the editor's own private business
would be apt to prove monotonous
to the general public? They might
stand it for a while, but in the end
it would be a thorn in the side and
a weariness to the flesh, and all
that sort of thing. No, brother,
the true editor's business is to
make everybody's business his
business. That's business. So
there's no use in making a chronic
kicker of yourself for any one.

CALEB POWERS is to make his
first appearance on the lecture
platform at Madison Chautauqua
New York, August 8, his subject
"Right Upon the Scaffold and
Wrong Upon the Throne." Pow-
ers may immortalize himself in
distant lands, as a lecturer and
hero, but as to the latter, especially,
he need not expect much, when he
comes closer home.

BRYAN and Kern sounds good to
us, and if the signs of the time in-
dicate anything at all, they will be
elected President and Vice Presi-
dent next November. From every
section comes the glad tidings,
that the Democrats stand as a unit
for Bryan and Kern, and that the
discussion and strife which has
heretofore existed, is now a thing
of the past.

Members of the Democratic
National Committee and a number
of others holding proxies conferred
with W. J. Bryan and J. W. Kern
the Presidential and Vice Presi-
dential nominees, respectively, at
the Bryan home Monday with
reference to vital matters of cam-
paign management.

Mr. Bryan on behalf of himself
and Mr. Kern, read the following:
"Gentlemen of the Committee:
The platform recently adopted by
the National Committee of our
party at Denver contains the
following pledge:

"We pledge the Democratic
party to the enactment of a law
prohibiting any corporation con-
tributing to a campaign fund and
any individual contributing an
amount above a reasonable amount
and providing for the publication
before election of all contributions
above a reasonable minimum."

"Mr. Kern and I are in hearty
sympathy with this pledge, and are
gratified at its adoption. With
its fulfillment a new era in Ameri-
can politics will begin. Elections
will then be regulated as public
affairs and the influences which
control them, instead of being
secret, will be known to the voters.

"As an earnest token that our
party will make good its pledges
we ask you to construe this plank
and put it into immediate operation.
This can be done by the adoption
of a resolution announcing in pur-
suance of the policy outlined in
that pledge your committee will
not accept any contribution what-
ever from any corporation; that it
will not accept any contribution
from an individual above a reason-
able amount and that it will make
publication before election of all

contributions above a reasonable
minimum. We suggest for your
approval a maximum of \$10,000
and a minimum of \$100, no con-
tribution to be received above \$10,
000 and all contributions above
\$100 to be made public before the
election.

"We suggest also that on or be-
fore the 15th day of October pub-
lication shall be made of all con-
tributions above \$100 received upon
that date; and that after the 15th
of October publication shall be
made of such contributions at the
time the same are received and
that no contributions above \$100
shall be accepted within three days
of the election."

SUGGESTION ADOPTED.

The following resolution was
thereupon adopted:

"Resolved, That the Democratic
National Committee, in pursuance
of the pledges given in the national
platform recently adopted at Den-
ver, announces that it will accept
no contributions whatever from
corporations; that it will accept no
individual contributions above \$10,
000 and that it will make public
before the election all individual
collections above \$100, contri-
butions received before October 15
being published on or before that
date, and contribution received
after that date being published upon
the date on which they are received
and that no contributions above
\$100 shall be accepted within three
days of the election."

Another resolution requests
Democrats all over the country to
organize themselves immediately
into Democratic clubs to assist the
committee in its work of the com-
ing campaign.

A New York dispatch tells the
story of the steamer Adriatic for
Europe, carrying "the richest ag-
gregation of financiers that ever
crossed the Atlantic or any ocean
in a single ship."

They're off in a bunch, as they
say upon the racecourse, for gay
"Paree," and also Monte Carlo.
They are serenely happy because
the President has nominated as his
successor a gentleman who will
not seek to twist the tail of High
Finance, who will never tinker
with the tariff. They believe that
a sufficient grist of gold, plumped
down in the hopper of the Re-
publican machine, will grind out
victory at the polls in November,
and that then will follow the picnic
by day and the fireworks by night
for the "let us alone" class for the
next four years.

Why not a little spree in London
and Paris, in Nice and Monte Carlo
in Vienna and Rome—and even
east o' Suez, where there ain't no
ten commandments—for a shipload
of plutocrats who have planked
down the spondulics deemed
necessary for the Republican cam-
paign, one cent of every dollar to
be used by George Rumsey Sheldon
under the spot light of publicity
and ninety-and-nine to be put more
practical use with the aid of a dark
lantern?

The pirates of High Finance
are as merry as the Pirates of Pen-
zance. Their candidates have
been nominated, their coffers have
been opened, their confidence has
been restored. They hope for a
purchased triumph in November
and a hog-killing thereforward.

They go down to the sea in ships
to celebrate. Their nostrils are
filled with the scent of the carnage
to come. Shiploads of them are
departing to spend in the land of
kings and queens part of what they
have won and expect to win in the
land of acres and razors.

Sing heigh, sing ho! Confidence
is returning!—Courier-Journal.

LOCAL OPTION IN NORWAY.

abolish drinking houses an election
is held, at which all adult males in
that territory are supposed to vote.
If any are absent their votes are
counted for prohibition. Another
election cannot be held until after
five years, and it is very seldom
that a second vote is ever taken
when a community once votes
against license. Another thing
that has made national sobriety
the regulation, in many places,

A BIT OF HISTORY.

How the Gigantic Standard Oil Com-
pany Got Its Start.

Cleveland, O., July 15.—The his-
tory of the beginning of the Standard
Oil company and the general condi-
tions that existed in the oil trade pre-
vious to the combination of the refin-
eries, was related by Lewis Emery, Jr.,
of Bradford, Pa., in the government's
ouster suit against the Standard Oil
company here. Mr. Emery said that
up to 1872 the refiners in Pennsyl-
vania were rivals and were independ-
ent, but that the rivalry was among
the oil buyers, who bid for the oil.
The refiners, he said, sold to the buyer
who would pay the highest price. This,
he said, changed between 1872 and
1875, when, in the latter year, competi-
tion ceased entirely.

Mr. Emery stated that the first
movement toward consolidation of the
refiners was made by the South Im-
provement company, but that the com-
pany's charter was revoked by the
state of Pennsylvania, after opposition
to the plan became general. Then,
Emery said, the Standard Oil com-
pany, of Cleveland, made an effort to
take up the work dropped by the other
company and finally succeeded in con-
solidating the refiners.

He said that within a year or two all
of the plants of the old refiners were
dismantled. Emery said that the
work of consolidation was accomplish-
ed through the personal effort of John
D. Rockefeller, his brother William
and Oliver H. Payne. Emery also stat-
ed upon the witness stand that follow-
ing this consolidation the freight rates
upon oil were boosted about fifty per
cent.

SUNDAY DRAWS BIG CROWDS

Noted Baseball Evangelist a Sensation
in Illinois.

Decatur, Ill., July 15.—William A.
Sunday, the ex-baseball player evan-
gelist, has closed a five weeks revival
service in this city, reported to be the
most successful series of meetings he
ever held. According to figures given
out, the total number of conversions
reached at the meetings was 5,842.
The free will offering Sunday exceeded
\$10,000. This money goes to Sunday,
out of which he pays his staff and
other expenses. The total collections
for the meetings amounted to \$17,000.

Sunday, it is estimated, he preached
to 19,000 people. Seven thousand peo-
ple heard his "boogie" sermon in the
afternoon at the tabernacle, and many
others were turned away for lack of
room. The imminence of the spring
election, at which time local option
will be an issue in most of the cities
and towns in central and northern
Illinois, has made the meetings of
special interest and has drawn people
from towns as far away as fifty miles.
At Bloomington, before coming here,
Mr. Sunday's converts were reported
as 4,200. He goes from here to
Charleston.

condemned murderer of Father Leo
Heinrichs, when he attempted to es-
cape from jail last Saturday, Guy Sex-
ton, a trusty prisoner, who was serv-
ing a short sentence, has been par-

found, and tracks of men discovered.

LOCAL

To day and to-morrow county teacher's examinations.

The Mt. Vernon Roller Mill made its first flour yesterday.

The L. & N. will sell tickets to Stanford July 22-23 and 24 for \$1.01 round trip account of the Lincoln county fair.

There will be a game of base ball tomorrow afternoon on Mt. Vernon's ground between, the home team and the Walnut Grove nine.

Whether our correspondents have gone on a strike or all gone to the Crab Orchard Fair we are unable to figure out, but at any rate, they have forgotten us this week.

The first farmer to bring in new wheat, to the Mt. Vernon Roller Mills, is that prosperous and progressive citizen, Gus Staverson. Mr. Beaty says it was a high grade wheat.

Jack Adams is expected to arrive at Brodhead Sunday or Monday with a car load of horses. It is his intention to sell them privately instead of having a sale, as he did before.

Neal Parrott and son, Ben, have the contract for building the new addition to Atty. C. C. Williams' residence. The fact that the work will be promptly and properly done goes without the saying.

The Crab Orchard Base Ball nine defeated Mt. Vernon's team on the former's grounds last Saturday by a score of 7 to 3. The Mt. Vernon boys are anything but pleased with the outcome of the game.

The Crab Orchard Fair is a howling success. Wednesday and yesterday witnessed the largest crowds ever gathered at a fair in that town. Lots of good horses and other stock are on exhibition. The fair closes this afternoon.

The remains of Dr. Joe Lawrence and his infant baby, both buried in the cemetery at Hyden, Ky., were taken up and Monday re-interred in the family burying ground at the old home near Level Green. Dr. Lawrence has been dead two years and his baby seven.

Our good friend and progressive farmer, Mr. Fred Hahn, has the distinction of being the first one to bring in wheat to the Mt. Vernon Roller Mills. Our farmers should bear in mind that they will find a ready sale for all their wheat, at the highest market price, at the Mt. Vernon Roller Mills.

George Owens, the monument man has spent most of the week in the Cemetery straightening up and cleaning off tombstones and monuments, some of which had fallen down and others nearly down. The home of the dead in Mt. Vernon has never received the attention it should have had and we certainly hope that in the future it will be kept in a much better condition, than it has been in the past.

Those who wish to go to Mammoth Cave on the 30th, of this month are requested to notify this office. It is not that we are arranging, or have anything to do with the trip, but that we may be able to report to the special agent of the L. & N. who will personally conduct the trip, so that he may know how many to expect from this county. See advertisement elsewhere in this issue, for expense of trip.

Mt. Vernon Ky., July 15 1908. I am sending out today to each chairman board of trustees, "nominating petitions for trustees, trustees petitions for eligibility and school election notices. The nomination petition of trustees must have at least ten patrons of the district while the trustees certificate of eligibility must have five and both filed with the county clerk ten days prior to the election. As many can run for this office as may desire by complying with the above rules. Said election is held by secret ballot. It is the duty of the Election Commissioners to appoint the officers which consists of: two judges and a clerk. It is also the duty of the county clerk to furnish the ballot boxes. The certificate of each election must be returned to the County Superintendents office within five days after the election. If any district should fail to get the ballot box or notice of appointed election officers, then appoint your own officers, make your own ballot sheet and etc.

W. H. CARMICAL,
Mt. Vernon, Ky.

Mr. "Fate" Payne, aged about 65 years, died at his home at Altamont, Monday after an illness of several months, of a complication of diseases. He was buried Wednesday. He was formerly a citizen of this county and was an honorable, upright citizen. He leaves one sister, Mrs. Nancy Jane Searcy, still living in this county.

In a dispatch of Saturday to The Louisville Times, the correspondent told how many honors were carried away by Kentuckians, very prominent among those honored being Capt. R. M. Jackson of our city. It read:

"The Bluegrass State started off early on Tuesday. R. M. Jackson, delegate from the Eleventh district, had presented to Temporary Chairman Theodore Bell a gavel hewn from a Spanish gun block which a Kentucky mountain boy had carried back to the hills with him after his campaign in Cuba."

The Convention was opened with this gavel, and Capt. Jackson brought it back with him to be placed with his collection of guns, knives and other curios.—London Sentinel.

A special from London dated the 14th. say:—During a heavy rainstorm this afternoon about five o'clock, lightning struck the chimney of the residence of the Rev. David Asher, living about four miles northeast of London. Two children, Mattie, aged 4, and Robert, aged 7, were killed outright. Minnie Asher, aged 10, was shocked so badly that she is not expected to recover. All the family was badly shocked, but it is thought that no other will suffer seriously. Asher belongs to a prominent family and is a minister of the Baptist church.

Rev. Asher is a cousin of our townsman, F. R. Asher. A later report says that Rev. Asher and his ten year old daughter, who were thought to be seriously injured, will recover.

How to Cure Liver Trouble

There are usually several ways to do a given thing, but it is the aim with all of us to find the best and shortest way. It is just so in the cure of disease. People suffering from liver trouble imagine that all they have to do is to take something that will physic them. There is more than that in the cure of so serious a disorder as liver trouble.

When that drowsy, clogged up feeling comes on you go to a drug store and ask for a 50 cent or \$1 bottle of Dr. Caldwell's Syrup Pepsin. Take a dose or two and watch results. It will not only clean out the bowels and stimulate the liver, but it will get the blood circulating so that you feel active and strong, and arouse the functions of the stomach so that your appetite returns and you feel like your old self again. A simple laxative or purgative could not do that. Dr. Caldwell's Syrup Pepsin is not only a wonderful laxative but it has tonic properties, so that, unlike so many other things, instead of leaving you weak and drained it builds you up and strengthens you.

It does not grip—it acts smoothly, oiling the intestines so that the passage is smooth and agreeable. It is gentle but effective, pleasant to the taste and pure in quality. It is an excellent economical home cure, and its results are permanent. It is absolutely guaranteed to do what is claimed for it.

Use it for occasional or chronic constipation, dizziness, indigestion, biliousness, sour stomach, bloated stomach, flatulence, diarrhea, and the dozen and one other ills of the stomach, liver and bowels. It is the greatest of household remedies and no family should be without it because in a family someone at any moment may need such a laxative and then you will appreciate having Dr. Caldwell's Syrup Pepsin in the house.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their homes by addressing the company. This offer is in proof that the remedy will do as we claim, and it only costs the company to send it. Send for it if you have any symptoms of stomach, liver or bowel trouble. Get the most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and So Sure as DR. CALDWELL'S SYRUP PEP SIN." A REVELATION.

It is a revelation to people, the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only stops the cough but heals and strengthens the lungs. L. M. Ruggles, Reasnor Iowa, writes: "The doctors said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet."

Senator James B. McCreary, who took an active part in the National Democratic Convention, returned from Denver Sunday night. He said that the strongest ticket possible was nominated and that the platform adopted was the most decisive and positive declaration that has been made by the Democratic party in years. He predicts Democratic success.

Dallas Texas, is planning to entertain 100,000 visitors this week during the annual convention of the Elks, which began on Monday.

Delay in commencing treatment for a slight irregularity that could have been cured quickly by Foley's Kidney Remedy may result in a serious kidney disease. Foley's Kidney Remedy builds up the worn out tissues and strengthens these organs. Commence taking it today.

Laziness, not necessity, is frequently the mother of invention. Pat, the laborer, who was digging a ditch out near Darby last week, was rather lazy, hence a brilliant idea came to him. On the first day of the job he dug and dug, but made small progress. He came back next morning only to find that what he had done the day before was entirely wiped out by a cave-in. It was plain to see that there had been a cave-in, so that suggested to Pat his idea. Half-burying his pick and shovel in the earth, leaving only the ends sticking out, he carefully threw his coat and dinner pail near the edge of the cave-in and then hid. In a short time people came along, took in the situation at a glance, jumped at the conclusion that the laborer had been caught in the fall of the bank and went to work hastily, trying to uncover his body. Half an hour later three sweating and puzzled men stood by the now nearly completed ditch and wondered where the buried man was. Then Pat came out from his retirement and said: "Thank you, gentlemen. I knowed you'd bite on that. I've been enjoying a quiet smoke all by me lonesome."—Philadelphia Record.

IT CAN'T BE BEAT. The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lumbago, and all run down conditions. Best too for chills and malaria. Sold under guarantee at Chas. C. Davis' drug store. 50c.

Herman Ridder's announcement that he will support Bryan and Kern is significant.

Mr. Ridder as editor of the New York Staats Zeitung, has been one of the leaders of conservative thought in America. He has been a power among the citizens of German descent. Since 1896 he has been one of the most prominent of the leaders of what has been called the "anti-Bryan" wing of the Democratic party. He has been a strong combatant of the developing radicalism of the day in both the great American political parties. Fundamentally a Jeffersonian-Jacksonian Democrat, he has clung to his Democratic ideas while resisting tendencies to which he objected. Now he comes out for him. He is the old Bryan grown older. His platform is old Democracy brought up to date.

Mr. Ridder's attitude toward the ticket this year is the attitude taken by many another. All sorts and conditions of Democrats are finding this year an opportune one to get together to resist a party which is just as conservative as the Democratic party, but whose plans for a boodle campaign ought to make it peculiarly odious.—Louisville Times.

Unequivocally for Bryan and Kern. As we have said this is significant. It shows the trend of thought and events. This is a Democratic year. The Democratic platform pronounces squarely the issue of the day. It is a platform upon which all wings of the party may unite—upon which Mr. Bryan himself and Mr. Ridder may stand on equal terms. And yet it compromises nothing and straddles nothing. Mr. Bryan has grown graver and deeper with his years; without sacrificing his principles he has won the confidence of men who opposed
